Frequently Asked Questions

What is "Augmented Reality" (AR)?
Augmented Reality (AR) brings digital content into the real world through your smartphone camera. With Showstopper Greetings™, AR makes the artwork on the card come to life with animation and music.

Do I need to download an app to use the AR Card?
No. Simply scan the QR code on the card with your smartphone camera. No app download is required.

Is Wi-Fi/Mobile Data required to play the animation?
Yes. An internet connection through Wi-Fi or mobile data is required to access and play the AR experience.

How does the AR Card work?
Scan the QR code, tap Start, allow camera access, and point your smartphone at the card. The artwork will come to life with an animation and soundtrack created specifically for each card.

What devices are compatible with the AR Card?
Showstopper Greetings™ works with most modern iOS and Android smartphones with a camera and internet connection.
